URBAN VOICES Poetry Reading: 7/18 12:30 pm

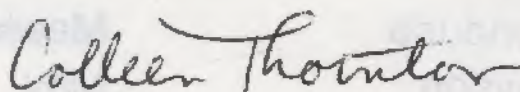

Dear Friends,

NEWARKART. It's here! It's beautiful! It's plentiful! We're proud to present the art of these 32 Newark artists in what is our first all-Newark exhibit. Along with a core group of native-born Newarkers and long-time residents, many of the artists represented are new citizens of Newark. We applaud their commitment to both their art and their city! News of a proposed artists' housing project in the heart of downtown also bolsters our spirits and reinforces the fact that art is truly alive and well in Newark.

You might have noticed the huge graffiti mural outside which announces this show. We want to thank New York artists Coco and Mico—two forerunners of the graffiti art movement—for their assistance in making the mural along with Louis Spindler - Chairman of the Art Department of Arts High School—and the students of Arts High who gave us their time, energy and talent.

Hope you enjoy the show—our last for this season—and have a good summer. See you in September!

Sincerely,

A handwritten signature in cursive script that reads "Colleen Thornton". The signature is written in dark ink and is positioned above the printed name.
